

LEGO CONSTRUCTION COMPANY

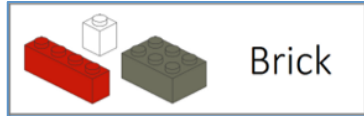

HEY GUYS, I NEED YOUR HELP IN GETTING SOME PROJECTS DONE BEFORE SUMMER STARTS. CAN YOU GUYS HELP ME?

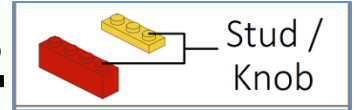

GARAGE PLAN

1. The garage needs to be **built** on the grey lot pad.
2. We need a garage built that has a **perimeter** of 70 - 80 knobs/studs.
3. The garage needs to be in the **shape** of a Quadrilateral.
4. The garage needs to be between 6 - 8 cm in **height**.
5. The owner has asked for some sort of repeating **pattern** in the colour of the garage.
6. The Lego manufacturers would like a **bar graph** of the number of different colour blocks you used for the entire project.
7. The City of Lego would like to know the **cost** of your garage based on the colour of Lego blocks used.

WORK ORDER

Blue	Black	White	Brown	Red	Green	Grey	Orange	Yellow

Colour	Amount	Price	Total
